

Szidelo Claudiu-Mihai

FRONT END DEVELOPER

Profile

1. Skilled in customer service and communication with a passion for learning and adapting to new challenges.
2. Research skills and attention to detail after working in sales department at Orange store where I always stayed up-to-date with the fast passed changing technologies.
3. Effective problem-solving abilities developed from previous roles as a Head Cashier and Sales Representative.
4. I work well in a team and enjoy collaborating with others to achieve common goals. My contributions to the team consistently lead to positive outcomes and success.

Employment History

Student, Software Development Academy, Remote

APRIL 2023 – PRESENT

During my time at the software development academy, I am actively refining my skills in JavaScript. I enthusiastically explore its extensive ecosystem to create interactive and dynamic user interfaces. Through practical exercises and real-world projects, I am gaining proficiency in key JavaScript concepts such as variables, functions, control flow, and DOM manipulation. The academy has also nurtured my problem-solving mindset. I analyze project requirements, break down complex challenges into manageable tasks, and implement effective solutions. This experience enhances my critical thinking and ability to approach problems from different angles.

Sales Representative, Intercontgsm (Orange Store), Targu Mures

MAY 2019 – DECEMBER 2022

As a Sales Representative at Orange Store, I embraced new challenges and opportunities to grow in a dynamic field. Working collaboratively with my team, I leveraged my previous leadership skills while also adopting new strategies to improve our performance. I thrived on the challenge of staying up-to-date with new and emerging technologies, expanding my skillset and broadening my horizons.

Assistant Manager, Artima (Carrefour), Targu Mures

NOVEMBER 2018 – MARCH 2019

As an assistant manager in a busy retail environment, I excelled at team leadership, sales, and inventory management. I motivated my team to achieve their goals, provided guidance and support, and adapted quickly to new situations. By staying up-to-date on industry trends, I ensured that our store remained competitive and responsive to customer needs. Overall, my experience has honed my leadership and problem-solving skills, making me a valuable asset to any team or organization.

Head Cashier, Artima (Carrefour), Targu Mures

SEPTEMBER 2017 – OCTOBER 2018

Within a year of assuming this role, I trained Head Cashiers at three Artima stores in Targu Mures. My efforts resulted in departmental evaluations of 9+ out of 10 by management at all three stores. As a result, I was recommended for promotion to Assistant Manager.

English

OCTOBER 2016 – JULY 2017

Thriving on challenges, I adeptly navigated a new field and managed customer interactions in an English-speaking environment at a prime location in London. Through attentive service, maintaining long-term connections via email and phone, and leveraging persuasion techniques, I successfully achieved good sales and garnered repeat customers within just two months.

Section Manager, Artima (Carrefour), Targu Mures

OCTOBER 2015 – SEPTEMBER 2016

Following my role as a Section Manager in a supermarket, I furthered my skills in team coordination while undertaking additional responsibilities and duties. I acquired the ability to adeptly adapt to changing circumstances, organize inventory, and delegate established tasks to my team, resulting in a noticeable increase in store productivity.

Education

JavaScript, Software Development Academy, Remote

APRIL 2023

During my educational journey, I am currently enrolled in a rigorous JavaScript course at Software Development Academy. This comprehensive program is equipping me with a strong foundation in JavaScript programming and essential skills for developing dynamic and interactive web applications.

Throughout the course, I am gaining in-depth knowledge of JavaScript fundamentals, including variables, functions, conditionals, loops, and DOM manipulation. I am learning to leverage JavaScript's power to create responsive user interfaces and handle asynchronous operations effectively using promises, async/await, and callbacks.

Moreover, the course introduces me to popular JavaScript frameworks like React, Angular, or Vue.js. Through hands-on projects, I am acquiring valuable experience in building scalable web applications, managing state, and creating reusable components.

Psihologie si Stiinte ale Educatiei, Universitatea Dimitrie Cantemir, Targu Mures

2011 – 2014

Bachelor's degree in Psychology and Educational Sciences
